Enclosure. one with one

From

The Inspector General of Police
in Mysore

To

The Chief Secretary to the
Government of Mysore.

SIR,

I have the honor to forward for orders o

the original to be kindly returned)

of the Kolar Deputy Commissioner's letter of
dated 24th August 1892 requesting that Gover
sanction may be obtained to the construction
first class station at the Gold Fields. I hav
the present station house and consider the acc
= modation quite insufficient for the requiremen
the place. Instead of patching up the present b
or adding to it, I would propose that a new
station house be built in the space between
Special Magistrate's office and the Travellers
the present station house being converted into qu
for the two European Constables lately sanctioned
Government. Two men (nominated European C
Constables) declined the appointment on the

accommodation was not available. Con
sidering the difficulty of finding houses on the
Old Fields, I consider that quarters should
provided without delay for the European che
natables. The present station house could with
few alterations be made fit for their accommodation

I have the honor to be
Sir,
Your most obedient Servant

M Madhava Rau
Inspector General
of Police

July 1892.

By Inspector Field, Kolar Fields

I beg to represent to the Superintendent the very great inconvenience the Inspector of and many a one being put to a will as prisoners for the want sufficient accommodation in Mariappan central station which is a 2d class building and the very bad state the station is from imperfect flooring and want of mats.

The Inspector's office is littered with books, cyanide, cholera disinfectants &c giving the Inspector barely any room for his Records tables &c and sitting and moving room.

The room for the Sergeant and his records is occupied by himself and his two clerks, their desks a box and an almirah for old and current records.

The men on duty and others who come with Reports, Complaints and witnesses have to be crowded together in this small Sergeants room and the limited verandah

Submitted for orders.

I have already personally brought this subject to the notice of the Deputy Commissioner Mr Ballard has correctly described the serious drawbacks of the present building which is now [illegible] years ago. The Kolar Fields have since so risen in importance that I think it high time to provide a pucka station House in keeping with the present requirements. The Special Magistrate is being provided with a splendid residence and a spacious Court House and I do not see why the hard worked

P.T.O.

into consideration the present
state of the war and the circumstances
they are put to, I have decided
in placing this befor the Superintendent

The lock ups are so small so limited that I am only surprised that those confined in these have not had cholera.

This crowding of prisoners in witness boxes, police yard has naturally created and brought on vermin so that the men are unable to make themselves comfortable at the station.

The windows of the lockup the sergeant and inspectors are so very low that it is scarcely possible to carry on any work unless we have these closed up altogether and this adds to the discomfort.

The station is also very low, the flooring of all the rooms and the verandah and lockup so completely broken up that this also has helped to increase the vermin and added to the unsightly state of the building.

I have been troubled about these for some time and taking into consideration the representations of the men and the inconvenience they are put to, I have decided in placing this before the Superintendent in the cold. I beg that the Commr will kindly read Mr Ballard's report and give the matter his best support. The Inspector has submitted an estimate for making the additions and alterations proposed by him. What I would strongly recommend is the consideration of a new station before the immense importance of the gold fields.

Attention is called to the serious discomforts to which the prisoners are put for want of lockup necessary.

Initialled A.R.
Insp. Police
31/7.

in order that the Station House may be improved and the defects remedied

This could be done by adding on another passage the full length of the Station on the front side, making with a sloping and watered Hall for the men on night and day duty, which will give them more comfort and more room for the public and for the storing of records. It may be affected by the side walls of the present station are not high enough to permit of this added room being added and a verandah given all along.

The flooring may, for the whole station, be stoned and the back verandah closed up and the two back ups considerably lengthened so as to give prisoners more space more air, the doors of the locks may be opened from the inside as one of them and now and the windows taken away and widened ventilators securely barred provided.

I am of opinion that this is of very serious importance when it concerns the well being of men

necessary and submit the same
for Superintendent's consideration
and submission to Dep. Commissioner
for orders.

I take the opportunity of submitting
an estimate showing the probable
cost with the additions.

If the prisoners are well floored
with the stone slabs and the
fences cemented I do not think
any matting will be required
which is a considerable necessity now.

I would also beg to call upon
the necessity of constructing a
small cookroom for the prisoners
attached to the Head Station
for the present there are three
prisoners in custody on charges
of theft in consequence of the
high winds which is always
prevailing added to the high
situation of the station it is
always a difficult matter to
have their food properly cooked.
On occasions when I tasted a
portion I found both the vegetable
and the rice uncooked and my
explanation submitted on a
previous occasion with reference
to the scarcity of fuel and not
being able to purchase any

Scarcity of fuel is
no justification for
serving the prisoners
with half cooked food.
Sufficient fuel must
be provided.
Initialled H.L.
Supt of Police.

in the market stands food here
as with a limited supply of fuel
in an exposed place it is but natural
that the food will be uncooked
In the present in
consequence of the inclemency of the
weather their food is being prepared
in the Police lines by a caste
constable but this cannot be
always be done.

I would also mention here that
I have not been supplied with a
planked bedstead and a small
table such as is found in hospitals
for the comfort of European prisoners
as they are not habituated to lying
on the floor.

None of the Cookups are supplied
with matting or coir Rugs and I am
not allowed any cutting money
to purchase these, the prisoners
sleep on the bare flooring and some
come into Police custody with
barely any clothing so that a
blanket would be acceptable.
The Bangalore Cookups
are supplied with these from their
contributions.

o who has since taken
charge, one of the
accused a Brahmin
is now cooking the
food in the Police lines.

The outer fly walls for the Head
Station Police lines have been
completed but four inspectors
still find the mud of the inner
enclosure is peeling off from the
walls.

The contractor agreed to have the
inside of earth heaped up from
excavations for foundations, levelled
after he had completed his contract
works but he has not done so leaving
the place very unsightly.

The Engineering Department
I believe have not provided
for this and they have given scarcely
any room at the back of the
lines for the constables to get
into or out of their quarters as only
about 3 feet of earthwork has been
removed from the steep at the
back which is scarcely enough.

If this could be remedied
and the ground levelled I would
like to plant some fruit and
shade trees about the lines which
the men will look after.

I planted cocoanuts and
mangoes in the Mipoore Police Station

yards and they are I believe bearing
fruit now.

The Superintendent has seen
the station and the limited ac-
commodation and I solicit that
we may be allowed the privilege
of having made more comfortable
and the prisoners given more
space and matting and blankets
as precautions against cholera
fever diarhea and dysentery &c

From

The Inspector General of Police in Mysore,

To

The Chief Secretary to the Government of Mysore.

SIR,

With reference to Government Proceedings No. 2255/548-, dated 2nd ultimo, sanctioning the construction of a 1st class Police station at the Kolar Gold Fields and the conversion of the present station house into Quarters for European Chief Constables, I have the honor to report that the Executive Engineer, Kolar, has been requested to forward the necessary plans and Estimates to this office. The above works can, however, be undertaken only in the beginning of the next official year, as funds allotted for Police buildings this year have been fully appropriated.

2. Meanwhile, much inconvenience has been caused by the want of accommodation for the European Chief Constables recently sanctioned for the Gold Mines. Two pensioned Sergeants who were appointed by me as Chief Constables were unable to take up their appointments for want of suitable, or any, accommodation. The Deputy

Commissioner, Kolar, having again brought to notice the pressing necessity for the services of European Chief Constables at the Mines, I requested that Officer to arrange about accommodation of some sort. He now reports that a Bungalow on a monthly rent of Rs. 12/- is available in the Gold Fields, which will accommodate 2 European Chief Constables. Till the present Police Station is converted into Chief Constables quarters, I beg that the Deputy Commissioners proposal to rent the Bungalow at Rs. 12/- per annum, may be sanctioned, this additional expenditure being met from "Police savings".

I have the honor to be

To

THE SECRETARY TO THE GOVT. OF MYSORE,
GENERAL AND REVENUE DEPARTMENTS.

Sir,

I have the honor to forward herewith for information and orders of Government Copy of docket Post dated 28th april 900 from the Superintendent of Police, Kolar Gold fields together with that of its enclosure, being a letter dated 3rd april 900 addressed to the Deputy Commissioner of Kolar by the Acting Superintendent, Borjaum Gold mining Company, demanding an increased rent of Rs 20/- per mensem for the Bungalow occupied by Chief Constable Mr. Lewis at Kolar Central Camp and to state that

that the rent originally sanctioned by Government for the occupation of the building in question by the Chief Constable, was only Rs 12/- per mensem, pending the construction of a 1st class Police Station at the Gold Fields and the conversion of the present Station House into Quarters for the European Chief Constables. (vide Government Proceedings No 1464 3-4 / J. 7224-92 dated 25th February 1893).

2. It is observed from the Police Superintendent's letter that the rent now paid for the Bungalow is Rs 13/- per mensem, the excess of Rupee one being paid by the Chief Constable out of his own pocket. It is not clear when this increase of rent was demanded and I have called for further information on this point and on the question whether other accommodation, official or non-official could not be made available and shall address Government again. In the meantime however, as the Superintendent's Companion states, is not likely to abate his

in demand and as Mr Lewis cannot vacate the building at once, I have for the time being sanctioned the proposal in anticipation of approval by Government. I beg that under the circumstances, the Government may be pleased to accord their sanction to this proposal at an early date, the additional expenditure being met from the Police Savings.

I have the honor to be,

Sir,

Adverting to Government Proceedings

X Sl No. 6 in J 7
2247 1892

No: 13874 – S – dated 13th June, 1900, sanctioning the increased house rent of Rs 20/- per mensem demanded by the Oorgaum Gold Mining Company for the bungalow occupied by Chief Constable Lewis and requesting the submission of a further report on the subject, I have the honor to forward copies

of the *marginally noted correspondence from which it will be seen that the orders of Government conveyed in Proceedings No: 9953-7 / J.548 (Sl No: 2 in 7224252) dated 2nd. January, 1893, sanctioning the construction of a 1st. class Police Station at the Kolar Gold Fields and the conversion of the present Station House at that place into quarters for European Chief Constable were not given effect to although plans and estimates were forwarded to this office with the Executive Engineer's docket No: 219 dated 22.6.1897. The plans and estimates for the above works as well as

for

* 1) Docket No: 9 dated 10th July, 1900 from the Superintendent of Police, Kolar Gold Fields.
2) This office docket No: 300 dated 25th July, 1900 to the Superintendent of Police, Kolar Gold Fields, Otrs to the Deputy Commissioner, Kolar.
3) Docket No: 44 dated 15.9.1900 from the Superintendent of Police, Kolar Gold Fields.

for the other Police Stations, and lines for the men referred to in the Executive Engineer's docket of the 22nd. June, 1897, were forwarded to the Secretary to Government, ~ Public works Department, with a recommendation that a Special allotment of Rs. 30,000/- may be sanctioned for the construction of Police buildings urgently required in the Gold Fields. The Secretary to Government, Public works Department, while communicating the sanction of Government to the above proposal in his letter No: 760/565-7 dated 11th November, 1897,

intimated to

intimated that the location of Police

GOVERNMENT OF MYSORE

lines, etc: at the Gold Fields had to be carefully settled as part of the scheme of general improvements under consideration and settlement by the Deputy Commissioner, Kolar District, and Doctor Evans that the construction of the Police building depended on the settlement of this question and on the selection of sites as regards particular buildings to be built in that locality and that the Public Works Department, would undertake construction of the buildings referred to above on intimation being given regarding the final-

settlement

settlement of the above question. A copy of this letter was forwarded to the Deputy Commissioner, Kolar, for information and Communication to the Executive Engineer, Kolar Division, and the plans and estimates received with his docket referred to above were returned with this office No: 1823/180 dated 19th. November 1897 with a request that a further report may be made to this office on the lines of para 1 of the said letter.

A copy of letter No: 9 dated 8th. August, 1897, from the Superintendent of Kolar Gold Fields with its enclosures being a rough draft

draft of an agreement to be drawn up between the Government and the Nandidroog Company for the acquisition of certain plots of land required for the construction of Police station quarters for officers and lines for men was submitted to Secretary to Government, General and Revenue Departments, with this office letter No: 808/84 dated 27th August, 1897, with a request that Government may be moved to sanction the proposal at an early date. A reply to this communication was received in — letter No: 4228/J.495 dated 8th October, 1897, to the effect that a larger arrangement

× Sl No 1 in J 7 No 7 of 1897-98

⊗ Sl No 2 in J 7 No 7 of 1897-98

in connection with certain proposals made by the Deputy Commissioner - Kolar was under the consideration of Government and that if sanction - ed it would render the said - proposal unnecessary. A copy of this letter was forwarded to the Superintendent of Kolar Gold Fields for information through the Deputy Commissioner, Kolar, with this office letter No: $\frac{3222}{252}$ dated 10.3.98. After the receipt of the above letter from Government, no further steps were taken in the matter pending the settlement of the Deputy Commissioner's proposal. It is under these circum-

stances

circumstances that the payment of House Rent of Rs. 12/- for the bungalow occupied by Chief Constable Lewis ~ Sanctioned in Government Proceedings No: 4643-4 / J.F.224-92 dated 25th February, 1893, was paid from the date of Sanction up to the 31st may/93 and at Rs. 13/- from june/93 up to the 30th April, 1900, the excess of one Rupee being paid by Mr. Lewis out of his pocket as no other quarters were available on the fields except the one in question.

×Sl No. 4 in J.F No 224 of 1892

Despatched 11th July 1900.

Received

General No. 9
No.

Enclosure No.

Sir,

With reference to para
2 of your letter No: 4208/366
dated 5. 6. 1900, addressed
to Secretary to Government
copy of which was forward-
ed with your memo. No:
4209/243 of the 8th. I dem
I have the honor to
report that as Government

in Pro. No: No: 14643-4 / J.J. 224-92 dated 25th. February, 1893,
Sanctioned only Rs 12 per mensem as house rent
for the European Chief Constable in the Gold
Fields and as no Quarters were then available
on the Fields except the one in Sleeman's Camp
for which, Mr. Bullen, the then Superintendent,
demanded Rs 13 - per mensem, Chief constable
Lewis consented to pay the extra rupee out of
his pocket and has continued to do so since
June 1893.

2. The orders of Government directing the
construction of a 1st. class station at Marikoppa
and the conversion of the present station into
Chief Constables Quarters have not up to date
been given effect to. On a reference being made
to the Executive Engineer, Kolar Division, on
the subject, he states in reply that plans
and estimates for the construction of a 1st. class

station

station at Marikoppam, were forwarded by him to the Inspector General of Police with his no: 219 dated 22.6.1897 for approval and transmission to the Superintending Engineer, Eastern Circle, for Sanction.

~~other~~ accomodation either official or non-official is at present available on the Fields.

Thanking &c

(Signed) C. Haudin

Superintendent of Police

Kolar Gold Fields.
